

Fab-U-Trans Lite

LITE COLORED TRANSFER PAPER FOR USE IN ALL INKJET PRINTERS

INSTRUCTIONS: LITE FABRIC INKJET HEAT TRANSFER PAPER
FOR 100 % COTTON OR 50/50 BLEND

Note: T-Shirts have a tendency to absorb excessive moisture. This can lead to bleeding problems. To avoid this, **it is best to pre-heat T-shirt until all the steam is out.** It is always best to wash shirt before wearing.

MIRROR YOUR IMAGE BEFORE PRINTING

COMMERCIAL INSTRUCTIONS – FOR USE WITH A HEAT PRESS MACHINE

Hot Peel Instructions:

- 1) After the image has completely dried from printing, cut the image leaving a 1/8" border around the edge.
- 2) Press the image at 350 degrees for 12 seconds with the heat press using moderate pressure.
- 3) Quickly peel the transfer starting at the corner and lightly stretch the image area from top to bottom and side to side to reduce the hand on the fabric. **USE CAUTION, PAPER WILL BE HOT.**

Washing and Drying:

Wash inside out in COLD WATER. DO NOT USE BLEACH. Place into the dryer **IMMEDIATELY** and do not hang to dry. Do not iron the shirt's image surface again. It is always best to wash shirt before wearing it.

Storage:

Store Fab-U-Trans paper in a cool, dry area in a re-sealable plastic bag. Do not remove from bag until ready to use.
